

Lateral Flexi Clean Head

Your Trusted Partner for Offshore Engineering,
Equipment Rental, Personnel & Ship Agent Services

STANDARD HEAD

The FlexiClean Standard Head is a highly effective tool for the removal of marine growth. With long lifetime cleaning heads driven by a hydraulic motor which interfaces directly to the ROV, the FlexiClean Standard Head can reduce cleaning time by up to 80%. FlexiClean Heads can be sold separately or rented together with ROV operated FlexiClean Tools.

Cleaning Head for Lateral Tool
